

## UNDERSTANDING THE ISM CODE

**Course aim and objectives:** The ISM Code requires shipping companies managing and operating ships to implement a safety management system. ISM Code requirements are explained to course participants including the Code's risk control measures on safety and pollution prevention for reducing human error. The responsibilities under the Code of shore-based personnel and duties of the shipboard team members are also thoroughly explained

**Course main elements:**

- Introduction to ISM Code
- Safety management system implementation
- ISM Code requirements and risk controls
- Verification and certification requirements
- Practical exercises and final examination

**Course participation:** The course is open to all shipping company office personnel and shipboard team members who need to understand and implement the ISM Code

**Course duration:** **1 day** This training is provided with real time instruction through zoom platform in a pre-scheduled interactive learning session

**Course Schedule:** 10:00 - 17:00 hours

**Registration:** Please complete the course registration form or contact Mrs. Angie Panagiotarakou email: [training@dynamarine.com](mailto:training@dynamarine.com) Tel: (+30) 210 894 1667
